P R O T E C T I V E

Frame styles featured from top down are **Phoenix II** in black frame; and **Renegade®** in patriot frame.

Astrospec® 3000

Stock Number - S1169C - Patriot Frame/Clear Lens

A good all around safety spectacle, the Astrospec 3000 provides excellent industrial protection. Lightweight with adjustable temple lengths, it comes with anti-scratch, anti-static and anti-UV coatings and an economical lens replacement system. Attractive color frames and styling change employees' attitudes toward wearing protective eyewear from "have to" to "want to".

Astrospec® 3000S

Stock Number - S2700 - Black Frame/Clear Lens – Slim

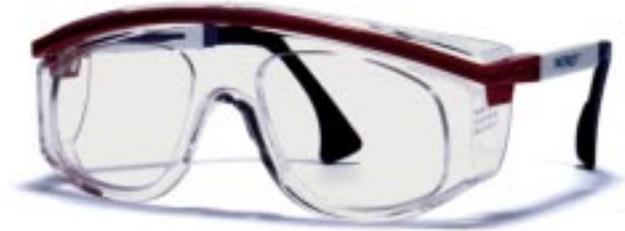

Same features and benefits as the astrospec 3000. 10 mm smaller for employees with slender facial profiles.

Astro OTG® 300I

Stock Number - S2500C - Black Frame/Clear Lens

Attractive OTG over-the-glass styling
Patriot, blue and yellow/black frames available

Astro Rx® 3003

Stock Number - S2574 - Patriot Frame/Clear Lens

Propionate carrier can be fitted with Rx lenses.
Same adjustability as the astrospec 3000.
Carrier and lenses may be tinted.

Eye Armor® S2800

Stock Number - S2800 - Black Frame/Clear Lens - large size

Stock Number - S2801 - Black Frame/Clear Lens - regular size

Because these spectacles were designed for combat and have been field tested under extreme weather conditions, they're useful for many rugged conditions, including law enforcement activities.

They feature a single piece panoramic lens of impact-resistant polycarbonate. The molded-in side shield gives front and side ballistic protection and unobstructed side vision. Spectacles come with anti-scratch and anti-UV coatings. Temple length is adjustable and spatular and comfort cable interchangeable earpieces are available. Lenses are replaceable. Meets Military Ballistic Standard (MIL-STD662), and ANSI Z87.1-1989.

Renegade®

Stock Number - 11018 - Patriot Frame/Clear Lens (AVP Coated - 18953)

You'll get a superior fit with Renegade, because it's custom wrap-around frame follows your facial contours. At the same time, its tough, lightweight construction enables the Renegade to withstand rugged use. An optically correct, shatter resistant, oversized polycarbonate lens gives UV protection and excellent peripheral vision. Lenses are replaceable by snapping into frame, and a variety of optional lens treatments are available.

Flashlite

Stock Number - S4300C - Black Frame/Clear Lens

Economical frameless version of the Flashback. Black, blue, or orange/blue frames available with a variety of lens tints.

Raz 9000I

Stock Number - 9000I - Slate Frame/Clear Lens

A single lens design is converted into a dual lens look with the use of a fit bridge that rest comfortably on a nose. Lightweight with adjustable temples. Available in four colors.

Flashback

Stock Number - S4000C - Black Frame/Clear Lens

This is the classic look in protective eyewear. Flashback has the look of dual-lens eyewear, but is actually an exclusive single-lens design allowing for quick and easy replacement of the impact-resistant polycarbonate lens. So you can change lenses or exchange lens tints for different lighting and work applications. Available in Ultradura® and 4C+® coating. Sideshields and browguards are molded-in protecting the eyes from virtually any angle.

Aviator Metal II 20619

Stock Number - 12791 - Black Frame/Clear Lens

Popular aviator styling that's attractive for men and women. Metal Frame Plano – with Universal Bridge. Permanent or detachable sideshields.

Mirada

Stock Number - 12581 - 56mm Frame

Unisex design, this classic frame is styled for men and women. It fits variety of facial structures. Available with adjustable temples, and optional sideshields. Medium and Dark Grey, Dark Green, Yellow, Green (Z87) #1 - #3, and Amber III Lenses also available. 60mm eyesize also available.

Arriva

Stock Number - 26461 - 56mm French Sand Frame/Clear Lens

European styling with wraparound front design. Available in 56mm and 60mm eyesize. Vented vents provide ample air flow. Brow bar and orbital under bar are 100% polycarbonate.

Highflyer 9177

Stock Number - S150C - 58mm/Gray Frame/Clear 4c+ Lens

Classic aviator dual lens styling with molded-in sideshields and brow guard. Lightweight and durable propionate frame. Available in 54mm or 58mm frame with clear or gray lens tint.

Topsider 9142

Stock Number - S021 - Brown Frame/Clear Lens

Traditional dual lens styling, lightweight and durable propionate frame, molded-in sideshields and translucent brow guard. Available in 52mm eyesize with clear or gray tints.

Cricket 9180/9181

Stock Number - S100C - Brown Frame/Clear Lens

66 mm lenses – 9180 model

64 mm lenses – 9181 model

Wrap around dual lens design offers excellent peripheral coverage.

Adjustable temple lengths and lens inclination

Lens tints are available in clear, gray, SCT® low IR, infradura® welding shades: 3.0 and 5.0 (black frame only).

Styl-Safe II Protective Plano

Stock Number - 15482

One of the most popular eye protection planos available. Engineered and manufactured to the highest standards for providing eye protection, in accordance with ANSI Z87.1 standards and is SEI certified. Frames are molded from high strength acetate butyrate. High rear shoulder safety flange behind each eye wire provides greater strength and an extra margin of protection for holding lenses in place against impact. Es-lock nylon coated screws secures screw threads in place and prevents the screw from backing out. Featuring individually sized bridges to provide better comfort.

Prospec 9185

Stock Number - S060C - Gray Frame/Clear Lens

Stylish dual lens design with wraparound fit.

Vertical venting for increase air flow

Lens tints are available in clear and gray; and infradura welding shades: 3.0 and 5.0

Ultraspec 2000

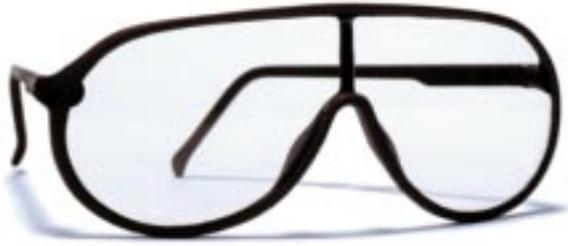

Stock Number - S025 - Clear Body

S028 - Gray Body; S029 - Amber Body

Coated 100% polycarbonate wrap around unilens design.

Adjustable temple length. Lens tints: clear, gray and amber.

Clear lens available with solid sideshields and spatula temples.

Phoenix I

Stock Number - 16283

Oversized single lens construction. Universal fit and appeal. 100% scratch resistant polycarbonate lens, UV protected. High strength graphite frame

Phoenix II

Stock Number - 16291

You'll find superior protection and handsome styling in this nylon/graphite, aviator style safety eyeglasses. The Phoenix II's ultra thin, high-strength graphite frame gives you the option of using either 65mm or 68mm lenses, providing the wearer with the best possible fit. Sideshields are available and the frame accepts most prescription requirements.

Phoenix Edge

Stock Number - 11754

New "Frame-less" design. Lightweight, universal bridge, 100% polycarbonate, scratch resistant and UV protected.

Provision 9190

Stock Number - S040C - Brown Frame/Clear Lens

Unilens offers wide field of vision. Clear or gray lens tint available. Adjustable temple lengths and lens inclination. Available with adjustable duoflex temples.

Weston Protective Plano

Stock Number - 10379 - 56x15 Wine Frame/Clear Lens;

Style, protection and economy combined into one sensational frame. Popular aviator styling enhanced with a 5-barrel metal hinge for increased strength and durability. Engineered and manufactured to the highest standards for providing eye protection, in accordance with ANSI Z87.1 standards and is SEI certified. Frames are molded from high strength acetate butyrate. Featuring individually sized bridges to provide better comfort.

Aviator Metal II in polished black or gold.

Bandido™

Stock Number - S1711 - Concord Blue Frame/Espresso Lens
Red/Black, Yellow/Black and Black Frames/Clear lens tint also available.
Economical frame – less version Bandit.

Bandit™

Stock Number - S1603 - Black Frame/Espresso Lens
The Bandit™ lens is available with clear, amber, mirror and hot new espresso tints: all block > 99.9% of UV light.
Frames come in black, slate blue and copper.
The Bandit™ brings a high level of fashion to the line of protective eyewear.
Adjustable duoflex® temples ensure comfortable and custom fit.
Contemporary, sporty wraparound styling. Replaceable lens available.

9301 Goggle

Stock Number - S345C - Clear Lens
Wrap around sports style provides excellent panoramic vision.
Frosted brow guard reduces glare, indirect venting increases air flow.
Replaceable lenses: clear, and shades: 3.0 and 5.0

Guard-Dogs Vented Purebreds

Stock Number - V91493 - Black Frame/Clear Lens
Rx Insert – most cost effective prescription solution available.
Wrap around lens curves comfortably around the eyes and provides greater protection than standard glasses without sideshield distortion. High grade, optically clear polycarbonate lens protects from all harmful ultraviolet radiation.

Classic 9305 Goggle

Stock Number - S360 - Indirect Vent./Clear Lens
4 models available: indirect vented, closed vented, indirect hooded and indirect hooded with facefoam for dust, mist and chemical splash.
Fits over most Rx spectacles

Stealth™

Stock Number - S3960;
If there's such a thing as a fun goggle, it's the Stealth. You'll find unsurpassed comfort and protection as well as sleek, futuristic styling, making it easy and even fashionable to wear goggles on the job.
Quick-adjust headband clips permit fast easy fitting, and new lenses simply snap onto the front of the body for quick cost-effective replacement. And a specially designed carrier allows prescription glasses to be worn with the goggles. Comes with 4C+® lens coating.
Gray or Teal Frame/Clear, Amber or Gray Lenses.

Series 28

Stock Number - 283507 - Hooded Vent, Clear Frame/Clear Polycarbonate Lens

#283547 - Hooded Vent, Clear Frame/Clear Polycarbonate Lens, Fog Free
#283540 - No-Vent, Clear Frame/Clear Polycarbonate Lens, Fog Free
Cushion Flex flexible frame goggles securely conforms to your facial contours.

Legend

Stock Number - 271000 - Smoke Frame/Clear Polycarbonate Lens

The Legend combines a cushion soft vinyl body with a semi-rigid outer frame for goggle comfort, stability and durability. The frame fits evenly against the face, and an exclusive, rolled-in temporal cushion adjusts over eyewear temples for a secure seal. The oversized design allows for a comfortable fit over most prescription eyewear. A special venting system reduces fogging by permitting a constant air-flow over the lens. Made of UV inhibiting materials with polycarbonate lens, and protects against hazardous impact and liquid splash.

Series 29

Stock Number - 292501 - Perforated Vent, Clear Frame/Clear Lens

Looking for a good multi-purpose goggle? You'll find that Safety Mate is lightweight, comfortable and retains its shape. It features a high-tech design, wraparound styling a flexible fitting bridge and a polycarbonate lens. Both lens and vinyl goggle body protect against UV rays. The Safety Mate is available in perforated vent, hooded vent and non-vented styles.

Spoggle® S400C

Stock Number - S400C - Brown/Black Frame/Clear Lens

#S405C Brown/Back Frame/Gray Lens

The spoggle integrates the fit of a goggle into a spectacle. The frame has a soft laminated flame resistant foam gasket giving wearers a close-to-face fit that is important in windy, dirty and dusty work environments. Can be worn under a faceshield or welding helmet. Comes with exclusive 4C+® anti-fog, anti-static, anti-scratch, and anti-UV lens coating on the large 66mm replaceable lenses. Meets ANSI Z87.1-1989 for spectacles.

Surgical Mask

Stock Number - 3100U - Clear Lens

Product is a one piece mask with anti-fog coating. Protects eyes as well as mouth from flying particles.

Matrix® Faceshield

Stock Number - 482000 - Matrix-polycarbonate crown/ratchet suspension

Optimal face protection against flying particles and chemical splash. An easy to adjust floating ratchet suspension fits most head sizes. Swivel-locking window attachments allow quick installation and secures the 8" x 16 3/4" window. An absorptive, leatherette sweatband provides a comfort cushion against the head.

Series 230

Stock Number - 230315 - Welders

Durable, heavy-duty goggle features flame resistant black cups with 50mm welding circles. Will accommodate magnifier lenses. Will not fit over prescription eyewear.

Series 235

Stock Number - 235345 - Wide Vision Welder's Goggle

Wide vision cover flex welder's goggle with soft vinyl frame complete with 2" x 4 1/4" welding plate and cover lens. Six ventilation ports provide maximum ventilation. Will fit over prescription eyewear. Standard with elastic adjustable headband.

Double Matrix® Faceshield

Stock Number - 483000 - Double Matrix-polycarbonate crown/ratchet suspension

For rugged usage, the Double Matrix features upper and lower crowns. The top crown protects the head and face, the lower crown adds complete protection for the neck.

Series 236

Stock Number - 236815 - Flip-Up Welder's Goggle

For added convenience and safety of quick viewing of work area, select the "flip-up" goggle. Will fit over prescription eyewear. Eyes are protected by clear back-up protective lenses when the front welder's lenses are flipped up.

Series 236

Stock Number - 236345 - Flip-Up Wide Vision Welder's Goggle

Flip-up wide vision front welder's goggle with soft vinyl frame. Complete with 2" x 4 1/4" welding plate and cover lens. Six ventilation ports provide maximum ventilation. Standard with elastic adjustable headband.

To better serve you, our Federal customers, UNICOR has a staff of sales representatives covering territories across the United States. Our representatives are in the field to help you with your purchasing needs and assist you with your UNICOR orders. They also conduct procurement seminars, and can arrange for expert assistance with technical products and services such as systems furniture, interior signage and metal shelving.

* Sales Representatives may be contacted through their pagers by dialing (800) 759-8888 and the PIN # beside their name.
