A GUIDE TO DOING BUSINESS WITH

UNICOR

SCHEDULE of PRODUCTS and SERVICES 2004

WELCOME TO A NEW WAY OF DOING BUSINESS

UNICOR continues to streamline the way it does business and is reorganizing its operations to bring you the most sought-after quality products and services, enhanced customer service and faster delivery. UNICOR is now structured into seven separate business groups, each headed by a General Manager able to quickly make the appropriate business decisions responsive to your evolving procurement needs.

We recognize the importance of working smart to give you the most for your money—particularly in these times of heightened budgetary constraints. That's why we've formed several important partnerships with nationally recognized organizations.

We think you'll agree that they've enabled us to offer a greater selection of competitively priced products and services.

Take a look at the following Schedule of Products and Services to get a sense of what the *new* UNICOR is all about. You'll find useful information on ordering, pricing and payment options, as well as details about our new business groups. Then, when you're ready to place an order, give us a call or visit our web site (www.unicor.gov) and see how easy it is to do business with us.

ORDER ONLINE
ANYTIME
WE NEVER CLOSE

There's a faster, easier way to place orders and get the information you need: UNICOR Online. Our expanded web site lets you browse our entire catalog, place orders and check your order status. With UNICOR Online, you can even save orders

in process, contact a sales representative and download a catalog. No matter what time of day or night, only one place makes it so easy to save time and money, and reduce paperwork: UNICOR Online, www.unicor.gov

- | Electronic Recycling Activities
- | Recycling Activities

GUIDE TO DOING BUSINESS WITH UNICOR **19**

UNICOR

SECURING THE FUTURE

UNICOR (Federal Prison Industries, Inc.) was founded in 1934 with a mandate to provide training and employment for federal inmates. Today, UNICOR employs approximately 20 percent of the Federal Bureau of Prisons inmate population. By giving inmates the opportunity to learn marketable skills and develop good work habits, UNICOR has helped reduce recidivism, improve prison safety and lower the cost of incarceration throughout the federal prison system.

In all its programs, UNICOR strives to create high-quality, competitively priced products and services that are delivered on schedule. You can count on UNICOR to offer a diverse selection of products and services, plus a variety of convenient ordering options.

BECAUSE WE WANT TO BE YOUR FIRST CHOICE

THE UNICOR ESCAPE PROOF GUARANTEE

We take great pride in teaching inmates a good work ethic and the job skills that are needed to produce high-quality products and services for our customers. We are committed to your complete satisfaction. If at any time an item we have provided

does not meet your expectations, we will cheerfully and promptly repair or replace it, at no cost to you. For more information on our Escape Proof Guarantee, visit our web site at www.unicor.gov or contact our sales staff through 800 827-3168.

If you are in government procurement, please visit our web site at www.unicor.gov to view the current listing

IMPROVED CUSTOMER SERVICE

As a part of our reorganization efforts, the UNICOR Customer Service Center has been revamped to better meet your needs. Recent additions include a new computer system and a national shipping and logistics contract that will improve customer service and help ensure on-time scheduled delivery.

We've added project managers in many product areas, expanded our credit card staff to expedite ordering, and initiated online customer surveys to help us better respond to your evolving needs. We have also centralized billing, so that now you will receive only one bill per customer order.

Whether you have a question about a UNICOR product or service, or want to place an order with a local sales representative, just call 800 827-3168, or e-mail us at custserv@central.unicor.gov.

STRATEGIC PARTNERS IN QUALITY

UNICOR has joined forces with several nationally recognized, private sector companies and government agencies to deliver better products and enhanced customer support.

PRINTED CATALOGS

Most of our full-color brochures are printed in our plants. They provide an excellent overview of the wide variety of products and services offered by UNICOR. All of our catalogs and brochures are provided at no cost to our government customers. Visit our web site, www.unicor.gov to view. See the FSC Code section for information about product and service brochures, price lists and other materials that are available. To request a catalog or to have a sales representative contact you, visit our web site at www.unicor.gov or call customer service at 800 827-3168.

HOW TO USE THE SCHEDULE

This publication is designed to familiarize you with UNICOR and what we have to offer. Inside, you'll find an overview of who we are, how we can help meet your purchasing needs, and our new efforts to serve you. An easy topic/response format was developed to help answer the most frequently asked questions about UNICOR products and services. We've enhanced the standard FSC section and made it more dynamic. Visit our web site at www.unicor.gov. UNICOR products are listed as a numbered series and as an alphabetical listing with accompanying FSC numbers. The alphabetical listing also identifies products for which UNICOR is the mandatory source, products that UNICOR offers on the competitive market, and products that are offered in the Quickship program. The chart also denotes the products for which a color brochure is available for your use and information.

SALES SUPPORT

To better serve you, UNICOR has nationwide coverage with both internal and external sales professionals. Their job is to help with your specific purchasing needs and to assist you in ordering UNICOR products and services. They can also arrange to demonstrate many of our products and answer your questions about them. To find the sales representative nearest you, please call 800 827-3168 or visit www.unicor.gov/customer/sales.htm.

TRADE SHOWS

UNICOR has an extensive trade show program. To find out where we'll be next, log on to www.unicor.gov.

SECURE ORDERING

Because the UNICOR mission is to employ inmates and provide self-improvement opportunities, we know you may have some concerns about credit card ordering. Credit card transactions are handled by UNICOR staff. You can also place your order using our secure web site, www.unicor.gov. Of course, our 24-hour fax service is available, in addition to U.S. Mail. Only UNICOR staff oversee these operations, to ensure the confidentiality of information.

UNICOR Customer Service Center
 P.O. Box 11670
 Lexington, KY 40577-1670
 fax: 859 254-9048

PURCHASING YOUR WAY

We make it easy to purchase from UNICOR. As a federal agency buyer, you don't need to obtain competitive bids for the products and services ordered from UNICOR, no matter what the price—or the quantity.

UNICOR will accept your agency's standard purchase request for any product or service offered. We also accept Military Interagency Purchase Requests (MIPRs) and GSA orders. Visit our web site at www.unicor.gov/about/reqsource.htm to see the available purchasing options.

UNICOR can work within your structure and schedule. For example, the Department of Defense has provided UNICOR with advance payments to be applied to future purchasing. We've also established Electronic Data Interchange (EDI) trading partner relationships with several major federal agency customers. We can do the same for you. We have the expertise to offer EC/EDI programs, to meet executive and/or congressional mandates. For more information, please call our Procurement Branch at 202 305-3538.

ORDERING CONVENIENCE

Everyone has a preferred way of working. That's why we offer a variety of ways to order from UNICOR.

1. Order online by logging on to www.unicor.gov.
2. Call our Customer Service Center at 800 827-3168.

3. Fax your order to 859 254-9048.
4. Mail your Purchase Order to: UNICOR Customer Service Center P.O. Box 11670 Lexington, KY 40577-1670.
5. Find your local UNICOR sales representative by visiting our web site.

PRICING

As required by Title 18, Section USC, 4124, UNICOR prices do not exceed current market prices. To ensure competitive pricing, we use current catalog prices for the same or similar products, or prices paid to private sector vendors for identical items, including GSA Schedule prices. Generally, if there is no similar product on the market for comparison purposes, UNICOR's price is negotiated with the customer. UNICOR also offers standard quantity discounts, in many product areas.

QUICKSHIP—WHEN YOU NEED IT FAST

We guarantee the delivery of your Quickship products within 30 days after the receipt of your order, or we will discount any back-ordered items.

FEDFAST—UNICOR'S NEW PROGRAM

We now offer selected items that ship in 48 hours. Visit our website at www.unicor.gov to see our latest FedFast offerings.

OTHER UNICOR SERVICES

PRODUCT SUPPORT CENTER

The UNICOR Product Support Center (PSC) is located in Englewood, Colorado. This is where many products are designed, prototypes are made, manufacturing processes are established, and finished goods are thoroughly tested. After the completion of this rigorous cycle, the PSC works closely with the factory that will produce the new product, to make sure it will meet our exacting standards.

TECHNICAL HELP DESK

The UNICOR Product Support Center operates a technical help desk. Product specialists answer questions about design, specifications, use and capabilities, as well as maintenance of all UNICOR products. The help desk is available from 8:00 a.m. until 3:30 p.m., MT, and can be reached by calling 800 220-5542 or by sending e-mail to pscnet@central.unicor.gov.

ENVIRONMENTAL TESTING LAB

Product testing provides peace of mind. That's why we think it is so important to have an Environmental Testing Lab as part of our Product Support Center. The test lab performs major environmental testing for many federal customers, and our factories.

The UNICOR labs use sophisticated testing equipment to ensure all electrical and environmental testing standards are met. These tests encompass such diverse activities as induced environmental testing, climatic simulation, and performance evaluation of electronic cables and specialized contact assemblies.

For more information about services offered by the UNICOR Environmental Testing Lab, please call 303 763-2561.

UNICOR'S WAIVER PROCESS

Check with your procurement or contracting office about purchasing from UNICOR. Visit our web site at www.unicor.gov for further information. Just click on the "Purchasing Made Simple" icon and download the Purchasing Made Simple Brochure.

CLOTHING AND TEXTILES BUSINESS GROUP

QUALITY IS
THE COMMON THREAD

FPI's clothing and textile factories manufacture a wide array of products from a variety of materials including cotton, cotton/poly blends, Kevlar® and leather. Our factories can sew to your requirements and they can provide labor to sort or to assemble.

The FPI product line currently includes:

MILITARY ITEMS AND APPAREL

The FPI military apparel line includes physical training uniforms, dress shirts, battle dress uniforms (BDU), cold weather gear, t-shirts, work clothing and jackets.

PROTECTIVE CLOTHING FOR LAW ENFORCEMENT

FPI produces Threat Level II and IIIA body armor that meets National Institute of Justice standards. Vests are available in Kevlar®, Spectraflex® and Goldflex®. Our line of protective clothing also includes ballistic carriers, uniforms for special operations teams, staff jackets, duty belts and bags.

MATRESSES AND LINENS

Whether you need premium quilted mattresses, or a standard bunk mattress for dorm and quarters furniture, come to FPI first. We also provide linens to meet your needs: cotton blankets, sheets and towels in a variety of sizes, weights and styles.

EMBROIDERY AND SCREEN PRINTING FPI can customize textiles with your agency logo or imprint, and we can create artwork based on your specifications.

MEDICAL TEXTILES

FPI is your one-stop resource for medical textiles. We offer high-quality items specifically tailored for use in medical facilities, including sheets, surgical towels, mattresses, patient clothing and lab coats.

FPI PROMOTIONAL AWARDS AND GIFTS

Whether you're rewarding an exceptional employee, ordering shirts for a group team-building event, or looking for special incentive items, we have promotional awards and gifts to meet every need.

GLOVES AND TEXTILE REPAIR

FPI factories make gloves for a variety of uses, in a wide range of materials, from cotton to leather. We can repair mattresses, tarpaulins, parachutes, bags and a variety of other items.

CUSTOM-MADE DRAPERIES

We make top-of-the-line draperies in partnership with major commercial companies. Our partners measure and install FPI-sewn and finished drapes. FPI also offers matching bedspreads as well as cubicle and berth curtains.

ELECTRONICS BUSINESS GROUP

SETTING THE STANDARD FOR TECHNICAL QUALITY

With over 40 years of experience, factories located across the country, plus a skilled labor force, UNICOR is able to meet your needs for quality electronics and electrical products—on schedule and at a competitive price. We offer a wide array of precision electronics and electrical products and services, including:

- Braided Cable Assemblies
- Circuit Boards
- Electrical Cables and Cord Assemblies
- Electrical Connectors that Meet Current Military Specs
- Molded Power Cables
- Outdoor Lighting Systems/Flood Lights
- Power Distribution Systems
- Repair Services for Electrical Components
- Wire Harness Assemblies

The Electronics Business Group processing capabilities include:

BRAIDING

UNICOR's metal and non-metal custom braiding capabilities include an array of applications, from simple protective coverings to bonding, grounding, EMI/EMP shielding and armoring of complex cable and harness assemblies.

FIBER OPTICS

UNICOR facilities have the production equipment and capabilities to produce high-quality fiber optic cable assemblies.

MACHINING

With our machining capabilities we can design and manufacture molds and otherwise unavailable parts, tools, dies and fixtures for your agency.

MOLDING

The Electronics Group can mold synthetic rubber compounds such as polychloroprene (neoprene), by a vulcanizing or transfer molding process. We also mold components from chemically cured compounds such as polyurethane and polysulfides.

PLASTICS

We offer a variety of plastic manufacturing capabilities, including plastic injection molding, thermo forming, low-pressure polyurethane, extrusion and compression molding.

POTTING

Our potting capabilities address a wide range of needs using various potting compounds such as PRC-1592, PRC-8516, CONAP EN-9 and other polyurethane compounds.

SEMI-RIGID

UNICOR has specialized tooling to produce semi-rigid coaxial cable products.

SOLDERING

"High reliability" soldering is performed to most military, industrial and/or commercially accepted standards.

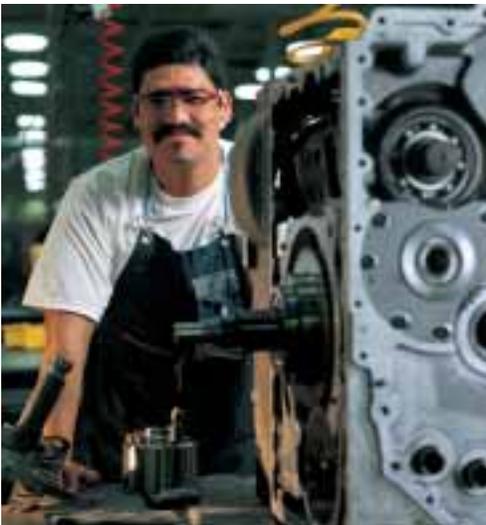

FLEET MANAGEMENT/VEHICULAR COMPONENTS BUSINESS GROUP

YOUR PARTNER
IN MISSION READINESS

With facilities strategically placed throughout the country, the UNICOR Fleet Management/Vehicular Components Business Group offers innovative, cost-effective options to get the most from your equipment—at a fraction of the replacement cost. Since we began offering remanufacturing services to the federal government, we've grown into a highly technical operation with a tradition of delivering quality products at significant savings. We can customize our services to meet your needs. Ask us about your specific requirements at www.unicor.gov/vcr/vcr_corporate_contract.htm.

REMANUFACTURED VEHICLE COMPONENTS

UNICOR remanufactures diesel engines for weapons and support systems for the U.S. Armed Forces and refurbishes equipment such as forklifts and portable generators, as well as a wide variety of automotive components.

**NEW VEHICLE SERVICES**

UNICOR offers custom vehicle retrofitting, up-fitting of new vehicles and manufacturing of custom components. Current production lines include complete law enforcement packages for Border Patrol sedans, pickup trucks and sport utility vehicles. Custom components include grill guards, cargo barriers, computer mounts, window security screens, rear security doors and rear deck lights, to name a few.

FLEET MANAGEMENT SERVICES

Through a commercial partnership with Maximus, UNICOR is able to offer customers the latest technology, to maintain fleet operations. Our Internet-based reporting system features procurement tracking, asset management, bar coding, workflow and personnel management, plus a fully integrated fuel management system. We custom-configure all packages to meet your specific operational needs.

INDUSTRIAL PRODUCTS BUSINESS GROUP DESIGNED SMART. BUILT TOUGH.

Make the most of your space and budget with industrial products from UNICOR. With facilities throughout the country, we're able to offer our customers a wide array of products, including:

PRESCRIPTION AND NON-PRESCRIPTION SAFETY EYEWEAR

UNICOR has a complete line of eyewear, manufactured to the highest standards of quality. All prescription lenses are carefully ground, using state-of-the-art manufacturing techniques and the finest materials.

Non-prescription eye protection products include industrial face shields, chipping and welding goggles, firing range glasses and safety glasses.

READY-TO-ASSEMBLE SHELVING

We offer a wide selection of shelving, in a range of sizes and strengths, to meet every need. Our shelves are easy for you to assemble with hand-tools. We also offer our experienced installation team, who can assemble and install them for a nominal charge.

COMPONENT PARTS

Increase the functionality of your existing shelving with component parts such as bins, drawers and doors.

EXTERIOR/TRAFFIC CONTROL AND SAFETY SIGNAGE

UNICOR's traffic control and safety signage meets the requirements of the Manual on Uniform Traffic Control Devices (MUTCD). Our extensive selection includes regulatory, warning, construction and safety signs.

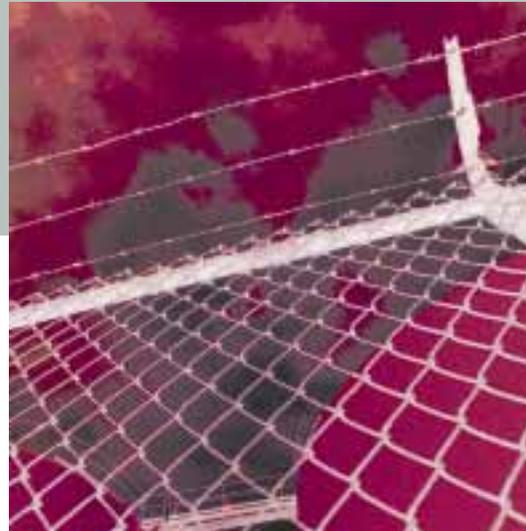

DORM AND QUARTERS

UNICOR offers three categories of D&Q furniture that will meet any requirement. From the traditional elegance of Chambers, and the mid-range contemporary Quartet, to the economical yet durable Trio, UNICOR can outfit any facility with style through a partnership with Blockhouse.

LICENSE PLATE PROGRAM

UNICOR now supplies license plates to fleet managers for federal agencies, through GSA. With state-of-the-art digital equipment, we're able to offer customers greater design flexibility as well as special security features, combined with the convenience of online ordering. Just visit our web site at www.unicor.gov.

AIR FILTERS

From hardware and installation to maintenance contracts, UNICOR is your one-stop source for air filtration services.

Our inventory of more than 50,000 items makes it easy for you to maintain your air handling systems.

INTERIOR AND EXTERIOR PERIMETER FENCING

UNICOR offers security and peace of mind with a variety of fencing types, including ornamental iron fence, chain link fence, temporary application fence and access control fence systems.

RACKING, CATWALK AND MEZZANINES

UNICOR's warehouse products are strong and durable, designed with flexibility, to meet the engineered weight specification for your application. We have manufacturing capabilities in stamping, forming, machining, welding, powder coating/finishing and tool and die for your specific project. All of these services are available individually or as a turnkey solution.

TONER CARTRIDGES

UNICOR remanufactures laser toner cartridges, using the highest quality new and recycled components. We use advanced imaging technology to ensure high print quality, so that prints and copies are as sharp as ever.

OFFICE FURNITURE BUSINESS GROUP

THE COMFORTABLE, FUNCTIONAL CHOICE

When you need office furniture, shop UNICOR first for quality, selection and price. Our plants manufacture a full range of furniture to meet your every need. Modular products range from wood veneer desk/credenza and matching office products, to durable multi-task environments. A diverse line of seating products will complement any décor, from traditional to contemporary, including ergonomic task seating, desk and conference seating, as well as occasional and lounge seating.

UNICOR's line of modular systems furniture offers impressive interchangeability and functionality, whether you need a simple workstation or an entire office configuration. Choose from a variety of matching laminates, trim and accent metal finishes.

SERVICES BUSINESS GROUP

THE BEST KEPT SECRET
IN OUTSOURCING

Locations throughout the U.S. make it easy for UNICOR to offer the services you need, to keep your business running efficiently and profitably. Our full range of services includes:

DATA SERVICES

With more than 35 years of experience supporting both military and civilian agencies and their contractors, with data entry and document conversion. UNICOR now offers scanning, OCR and complete OCR cleanup, image cleanup and enhancement, document indexing, PDF creation, in addition to HTML, SGML and XML tagging. From technical manuals and drawings, to patents for electronic publishing and records management systems, UNICOR can make your job a lot easier—for less.

PRINTING/BINDERY SERVICES

From black and white technical spec sheets, to full-color reports and brochures, UNICOR can meet all of your printing needs quickly, efficiently and at a price that won't break your budget. Through partnerships, UNICOR is able to offer a full range of creative services, from concept to complete published documents.

E-BUSINESS SUPPORT

In addition to helping you with HTML, SGML, XML tagging and creating PDF files UNICOR also offers support for web-based and enterprise-based catalog and content management. We've partnered with skilled private-sector resources to create a viable and cost-effective alternative to offshore companies offering the same service.

CONTACT CENTER

With more than 15 years of experience in the call center business, UNICOR has the expertise to offer cost-effective contact center support to federal agencies and private industry.

REVERSE LOGISTICS AND DISTRIBUTION OUTSOURCING

Whether your project is a one-time mailing or an ongoing commitment, UNICOR can provide distribution and fulfillment services, to meet your needs. We offer mailing and list management, distribution services, order fulfillment and product assembly.

RECYCLING ACTIVITIES BUSINESS GROUP

REUSE YOUR RESOURCES

UNICOR is committed to doing its part to preserve and protect the environment for future generations. That is why we offer economical recycling of computer and electronic equipment that meets all federal, state and local codes. This includes environmentally processing computer and electronic equipment. If an item cannot be reused, we break it down into components that can be recycled. Every part and component is reused or recycled.

RECYCLE
UNICOR can find a use for your unwanted electronic equipment.

RECOVER
No part goes to waste. If we can't refurbish it, we'll break it down into useful components.

RESELL
Our recycled electronic components are priced competitively.

REUSE
This environmentally friendly system benefits the customer, the recycling vendor and the earth.

SCHEDULE OF PRODUCTS AND SERVICES 2004

A GUIDE TO DOING BUSINESS WITH UNICOR

Visit our website to view a
comprehensive listing of the products
and services offered by UNICOR,
your number one source.

This user-friendly guide gives you easy
access to Federal Supply Classification
(FSC) Codes, an alphabetical listing of all
our products and services, and ordering
information. In addition, it shows you
where to find what you're looking for and
who to contact for custom requests.

UNICOR

P R O V I D E S F L E X I B L E O R D E R I N G

UNICOR can make your procurement process hassle-free and provide the freedom that comes with purchasing options that work for *you*.

Like other government agencies, UNICOR is seeking new ways to be forward-thinking. We have invested in expanded e-commerce technology to support our online shopping store. Today, when a customer places an order online, it goes directly to one of our factories, just like many private sector Fortune 100 companies. The customer has a new edge in knowing that when an order is placed online, it is immediately scheduled for manufacturing and production.

WHY SPECIFY UNICOR PRODUCTS?

- Eliminates 3-Quote Purchasing Requirements
- Competitive Prices
- National Sales Coverage
- Single Requisition for Products and Services
- Online Order Status and Tracking
- One-Stop Shopping
- One Invoice & Billing

SPECIFYING UNICOR PRODUCTS IS A VERY SMART MOVE.

We are your number one supply source when specifying new products and services, especially when every penny counts.
