HOW TO BUILD A MODEL NUMBER:

- A** — Select a chair style indicated by the product number.
- B** — Select fabric or leather upholstery.

THE OVERTURE SEATING COLLECTION — FREEDOM SERIES

INTELLIGENT HEADREST

Freedom's dynamic, position-sensitive headrest moves into place as you recline and out of the way as you sit upright. Its contours cradle your neck for unmatched comfort. Headrest height can easily be set within a 5-inch range to fit virtually any user.

INSTANTLY ADJUSTABLE ARMRESTS

Body-friendly armrests adjust in sync to keep you in balance. Adjustment is accomplished instantly with a simple, one-handed motion. With an expansive height range of 7 inches that includes below-thigh-level positioning, armrests can quickly move into the ideal position for any task.

PASSIVE RECLINE SUPPORT

Freedom incorporates an intelligent mechanism that senses the weight of the user and automatically adjusts to provide optimal support in every seated position — without knobs, locks or levers. The recline ranges from 6° forward to 27° back, providing maximum flexibility and constant support.
