Seating Products

UNICOR

OVERTURE

OVERTURE features a comprehensive line of diverse, but adaptable and compatible seating products. Specify our CLASSIC ERGO or consider our premier DIVA chair. Sophisticated and beautiful — with extraordinary ergonomics — Diva lives up to its name! The back moves responsively to your natural positions. Reach light-touch controls while sitting. With identifying icons, they're integral to the Diva's clean lines and graceful profile.

OVERTURE

TEMPO offers economy that won't sacrifice comfort. Then there's LEGACY, so ergonomically correct, it's like healthcare you can use as a chair! Have the smooth ride of high-end seating at an affordable price. Self-adjusting lateral and lumbar support, and other superb adjustment and construction features, promise personalized fit and comfort. Adjustable arms, and Enersorb™ seat foam conforming to each user's weight and shape, are just two of Legacy's many trend-setting features for the 21st century!

There are a number of applications for ENCORE chairs. They're at home in an office, a dayroom, or a waiting area, to name a few. Sturdy and adaptable, they're comfortable in lots of different fabrics. You'll find choosing Encore is an exercise in good judgement and in good taste! Or opt for the ergonomic difference — use the CLASSIC ERGO, LEGACY or SONATA for your occasional chairs.

Everyone needs a good high-density stacking chair. ALTO HD is ours. Stack it forty-five high. Use it in tandem, or with a tablet arm and book basket. Its ergonomically contoured seat and back come in eight shell colors, or upholstered — with or without foam cushioning. ALTO HD is smart, flexible and really very comfortable, and it's a good stacking chair. Everyone needs one sometime. Let us know when you need yours!
