A Guide to Doing Business with

UNICOR

WELCOME TO THE NEW UNICOR— FASTER, EASIER, BETTER

What you're holding in your hands is more than UNICOR's latest Schedule of Products. It's the culmination of 5 years of continuous change and improvement. Now, we're proud to announce a new commitment to higher quality products, more responsive customer service and on-time delivery. Our goal is to be your preferred source when purchasing UNICOR products and services.

There are a number of areas where we hope you'll notice immediate improvements. One of them is our Quickship program, which has been expanded so that UNICOR products can be in your office in 30 days. Purchasing products from UNICOR has been streamlined using credit cards or interagency purchase requests. (Remember, since UNICOR is a *preferred* source, there is no cumbersome bidding process.) Just go to our Web site at www.unicor.gov to see the latest offerings and get other updates! We are improving our products and services all the time.

Please take a little time to look through this Schedule. You'll find information on ordering, pricing, and payment options, as well as our different product areas. We think you'll agree that, each and every day, we're getting better.

ORDER ONLINE
ANYTIME!

There's a new, easy and fast way to place your order or just to find information — UNICOR Online. Our expanded Web site lets you browse our entire catalog, place orders and check your order status. You can even save orders in process, contact a sales representative and download a catalog. So save time, save money and reduce paperwork — at UNICOR Online!

UNICOR—A MANDATE TO HELP OTHERS THAT BENEFITS YOU

In 1934, UNICOR Federal Prison Industries, Inc. was incorporated to train and productively employ inmates. Through the years, UNICOR has made well-documented contributions toward reducing recidivism, improving prison safety, and lowering incarceration costs in the federal prison systems. Today, UNICOR workers have the opportunity to learn marketable skills along with the rewards of a job well done. This

ESCAPE-PROOF

GUARANTEE

We take great pride in teaching inmates a good work ethic and marketable job skills in order to produce high-quality goods and services for our customers. We are committed to your complete and continual satisfaction. If, at any time, an item we have provided does not entirely meet your expectations, we will cheerfully and promptly repair or replace it, entirely at our expense. Contact our Customer Service Center at (800) 827-3168.

If you are in government procurement, please see page 16 for FSC information.

aspect of social responsibility is a good reason to choose UNICOR, but there are plenty of compelling business reasons as well.

We've worked particularly hard to create high quality products, delivered on time and at the right price. These are areas that we're striving to improve all the time. You can also count on UNICOR for competitive prices, a diverse product selection and a variety of convenient ordering options. Considering these advantages, UNICOR should be your first choice — one that benefits your agency and ours.

UNICOR wants to be your first choice!

HOW TO USE THIS BROCHURE

This brochure was developed to familiarize you with UNICOR products and services. We have provided you with an overview of who we are, how we can assist you and what is new at UNICOR. An easy topic/response format was developed to help answer the most frequently asked questions about UNICOR products & services. An overview of each program area, both in pictures and written text, helps our customers learn how we can assist them with the products & services we provide. The standard FSC code section is still part of this brochure, but we have enhanced it and made the code section much more user friendly for all of our customers. This code section is shown in both a numbering series and an alphabetical listing with code numbers. The alphabetical area now also identifies product areas and services for which UNICOR is a mandatory source or competes in a competitive market. We also have identified the products that are reflected in printed literature and if the product is currently available in our Quickship program. As you can see, purchasing from UNICOR is a whole lot easier!

SECURE ORDERING BY CREDIT CARD

Because UNICOR's mission is to employ inmates and provide self-improvement opportunities, it is necessary for us to take appropriate security measures when it comes to credit card ordering. When calling our Customer Service Center, you will be prompted with instructions to ensure your confidential information is secure. Also, you may order online at www.unicor.gov, or use the address and fax number below to place credit card orders:

***UNICOR Customer Service Center
P.O. Box 11670
Lexington, KY 40577-1670***

Fax: 859-254-9048

PARTNERS IN QUALITY

As part of our continual efforts to improve UNICOR, we've joined with a variety of nationally recognized private sector organizations to help us deliver better products and additional customer support. We think you'll be happy with the difference it's making!

IMPROVED CUSTOMER SERVICE CENTER

The UNICOR Customer Service Center is undergoing constant improvement to better serve you. Recent additions include a new computer system and a national shipping/logistics contract to boost customer service levels and ensure on-time delivery to you.

In addition, we've centralized our billing operations so you receive just one bill. We've also added staff to provide better project management and expanded our credit card staff to facilitate ordering. UNICOR is also initiating customer surveys to better help us respond to your concerns. So whether you have a question about a UNICOR product or service, or want to place an order with a local sales representative, all you have to do is call 1-800-827-3168. Or if you prefer, e-mail us at custserv@central.unicor.gov.

HOW TO SEE OUR PRODUCTS

UNICOR OnLine

There are many ways to see what UNICOR has to offer. The fastest way is by visiting the UNICOR Web site at www.unicor.gov. Our Internet catalog displays many of the products and services featured in our printed catalogs.

Printed Catalogs

Our color brochures provide a good overview of the wide variety of our products and services. And of course, all of our printed catalogs are at no cost to our federal customers. For information about which products and services, price lists or other helpful materials are available, refer to pages 17-26.

To request a catalog, or have a salesperson contact you, please call 1-800-827-3168 and identify the product code or program area.

Trade Shows

UNICOR has an extensive trade show program. To find out where UNICOR will be showing next, visit our Web site.

Sales Offices

To better serve you, UNICOR has a new nationwide staff of sales professionals. They are in the field to help you with your specific purchasing needs and to assist you in ordering UNICOR products and services. They also can address or arrange seminars of UNICOR products and services. These experts can assist you with technical questions. To find the sales representative nearest to you, call us at 1-800-827-3168.

PURCHASING YOUR WAY

It's easy to purchase from UNICOR! As a federal agency buyer, you don't need to obtain competitive bids for the products and services you want to purchase from UNICOR — at any price, or at any time. That's because, in accordance with Title 18, USC, section 4124(a), UNICOR is a mandatory source for products listed in its schedule of products.

UNICOR will accept any agency's standard purchase request for any product or service we provide. If your agency recognizes it, so will we. We accept Military Interagency Purchase Requests (MIPRs). We also accept GSA orders, if your agency has gone to GSA.

At UNICOR, we're willing to work within your structure and schedule. For example, the Department of Defense has provided advance payments to us for future purchasing. UNICOR will hold your money until you identify your requirements. UNICOR has also established Electronic Data Interchange (EDI) trading partner relationships with several major federal agency customers, and we're willing to develop one for your agency. UNICOR has the expertise to offer other agency EC/EDI programs to meet executive and congressional mandates. For details, please call Information Systems at (202) 305-3538.

MANY CONVENIENT WAYS TO ORDER

1. Order on the Internet at: www.unicor.gov
2. Call us toll free at 1-800-827-3168 (Customer Service).
3. Fax your order to (859) 254-9048 (Customer Service Center).
4. Mail your purchase order to: UNICOR Customer Service Center, P.O. Box 13640, Lexington, KY 40583-3640.
5. Locate your local UNICOR sales representatives by calling 1-800-827-3168 (when you need help writing your order).

PRICING

UNICOR prices are established not to exceed the current market price, as required by 18 USC 4124. To ensure that UNICOR is in the current market price, we use current catalog prices for the same or similar products, or prices paid to private sector vendors for identical items. Generally, if there is no similar product on the market for price comparison purposes, the UNICOR price is negotiated with the customer. Ask if quantity discounts apply.

QUICKSHIP—YOUR KEY TO FAST DELIVERY

We guarantee the delivery of your Quickship products within 30 days ARO (after receipt of order), or we discount the backordered products. Products available under the Quickship program are UNICOR's most popular products and are indicated in the back of this brochure.

OTHER SERVICES THAT UNICOR PROVIDES

Product Support Center

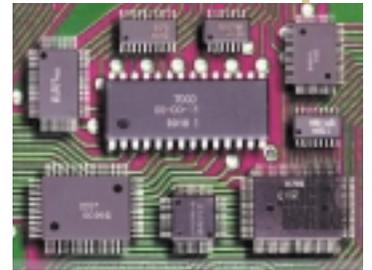

UNICOR's Product Support Center (PSC) is responsible for developing and testing new products. It is here that ideas blossom into reality — products are designed and developed, prototyped,

UNICOR

WE'VE GOT THE METAL PRODUCTS TO MEET YOUR NEEDS

UNICOR offers an extraordinary variety of versatile metal products that help you get the most out of your space and budget. Here's a sampling of what you can find at UNICOR:

- *Ready-to-assemble shelving in an impressive range of dimensions and strengths. Shelves can be assembled easily with hand tools, or can be assembled and installed (at a nominal charge).*
- *Component parts, such as bins, drawers and doors, can be specified and instantly increase the functionality of shelving.*

- *Racking, catwalks and mezzanines for specialized operations.*
- *Furniture and storage products that are economical and durable, as well as functional.*
- *Custom-fabricated products, developed free of charge and avoiding government solicitation requirements. Plus, our professional design services are always available to help you make optimum use of your space. Depending on your project's complexity, design specialists can provide guidance over the phone, prepare sketches and estimates from a floor plan you provide, or even visit your site to develop a layout.*

UNICOR

QUALITY IS THE COMMON THREAD IN OUR TEXTILE PRODUCTS

With factories in numerous locations, UNICOR has the capabilities to manufacture a wide assortment of products made from a variety of materials, including cotton, cotton/polyester, Kevlar®, and leather. The factories can fulfill all categories of sewing requirements and provide labor for sorting and assembly. Here's some of what we have to offer:

• **Protective clothing for law enforcement**

UNICOR produces threat-level II and IIIA body armor that meets National Institute of Justice standards. Vests are available in Kevlar, Spectraflex and Goldflex. Ballistic carriers, black and navy uniforms for special operations teams, staff jackets, duty belts, helmets, targets and bags are also available.

• **Textile repair and gloves**

We can manufacture and repair tarpaulins, parachutes, bags and a variety of other textile items. Gloves are available in everything from cotton to leather.

A

• **Custom-made draperies**

We make these in partnership with major commercial companies that measure and install the drapes. Also available are matching bedspreads and berth curtains.

• **Medical textiles**

We offer a wide variety of products for use in medical facilities, including sheets, towels, mattresses, patient clothing, lab coats and surgical garments. Through a partnership, we can also provide a linen management system.

• **Mattresses and box springs**

We can produce everything from a luxurious quilted mattress to a standard mattress used for dorm and quarters furniture. Also available are cotton blankets and towels in a variety of sizes and weights.

• **Clothing and military apparel**

Our apparel lines include physical training gear, dress shirts, battle dress uniform (BDU), jackets, cold weather gear, T-shirts, work clothing and utility jackets.

• **Screen printing and embroidery**

UNICOR can silkscreen or embroider logos, emblems or slogans on T-shirts, golf shirts, sweats, windbreakers and a variety of other items. We can print up to six colors on any item, and we can use your artwork or create artwork based on your specifications.

C

Continued from page 6

manufactured, and thoroughly tested. After each potential product undergoes this rigorous process, the PSC works with the factory that will produce the product to UNICOR's exacting standards.

Behind all of our design and testing is the mission to build or provide products and services of the very highest quality. We work hard to ensure your satisfaction. Should you have any questions or suggestions, please feel free to contact the Product Support Center at 1-800-827-3168.

Technical Help Desk

The UNICOR Product Support Center operates a help desk to answer our customers' technical questions about our products. The technical help desk can be reached by calling 1-800-827-3168 or by e-mail at pscnet@central.unicor.gov. Our engineers and other specialists can provide answers on product design, specifications, safe use and capability, as well as care and maintenance of UNICOR products. The help desk operates from 9:00 A.M. - 7:30 P.M., EST.

Environmental Test Lab

Product testing provides peace of mind. The Environmental Test Laboratory is part of UNICOR's Product Support Center. The Test Lab performs major environmental testing for numerous federal customers as well as the corporation's factories.

The lab's test equipment is highly sophisticated, permitting UNICOR to perform most contractually required electrical and environmental tests.

UNICOR's environmental testing services encompass several diverse activities such as induced environmental testing, climatic simulation and performance evaluation of electronic cables, and specialized contact assemblies.

For further information, call (303) 980-2343 or fax (303) 763-2561.

UNICOR Waiver Request Procedures

Any federal agency may request a waiver to purchase from sources other than UNICOR whenever it is believed a UNICOR product cannot meet that customer's needs. Generally waivers are granted for the

following reasons: UNICOR does not currently offer the product; delivery requirements cannot be met; performance characteristics/technical requirements; price, except in cases where UNICOR can provide the product at "not to exceed current market price"; and/or due to existing product compatibility issues.

Using the UNICOR Web site at www.unicor.gov to request a waiver is fast and easy. The Web site also offers detailed information on our waiver policy and lists the information we need to process the waiver request expeditiously. Waiver information including the status of your request can also be obtained by calling the UNICOR Customer Service Center at 1-800-827-3168.

If your waiver request is not approved, you can appeal that decision through the UNICOR Ombudsman. The Ombudsman position was created by UNICOR's Board of Directors so that customers, private industry and special interest groups would have a means to resolve issues objectively to all parties' satisfaction.

An appeal can be made via UNICOR's Web site (see waiver and appeal instructions), by a letter, fax, or e-mail to:

***Office of the Ombudsman
Federal Prison Industries, Room 8007
320 First Street, NW
Washington, DC 20534***

***FAX (202) 305-7340
E-mail: jhynson@central.unicor.gov***

Denials issued by the Ombudsman may be protested through a three-member Presidentially appointed Board known as the Waiver Review Panel, for a final, binding decision on the part of all parties. Further details about the Board and UNICOR's waiver and appeal procedures can be found at www.unicor.gov
