NeatLinks Cable Management
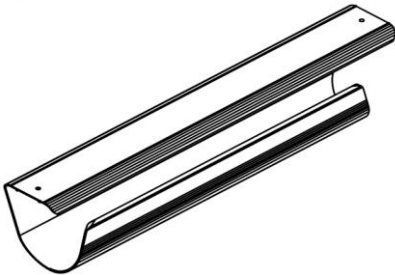

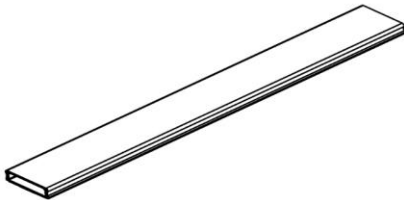

Cable Management - Small

Cable Management - Large

Cable Management - Slim

- NeatLinks channels can be installed in countless configurations to accommodate each user and unique work environment

- Install using just two screws or mounting tape – countless configurations to accommodate each user and unique work environment

- The textured surface hides fingerprints, while curved, finger-friendly angles at the ends of each channel eases routing and allows visual access

Notes:

- Mounting tape attachment can support up to 8 lb. of equipment

- For optimal use, power strips and ballasts should be stored in large diameter (3.6") channels and cables routed through small-diameter (2.6") channels
