5 Top Worksurface Power Management Inside Stanchion

6 Concealed Wireways in Leg Assembly

BRAVO

- Freestanding desking is easy to reconfigure to meet individual needs and offer dynamic work environments, offered in a variety of metal powder coats, fabrics, frame colors and laminate selections
 - Designed with power and data in mind, wire troughs, grommets and cord dumps keep cables organized and out of the way
 - Bravo easily integrates with other OFG systems furniture: Classic XXI or Crescendo
 - All required assembly hardware is included
-
- Bravo is customizable for any office furniture need. The end panels can be removed to allow ganging of standalone desks
 - Modesty panels are available in full and partial configurations, both have a wireway trough for data, communication and power cable management
 - Existing desk features designed to attach add-on features such as privacy screens, overhead storage and tool rails, or all three combined
 - A large number of finishes are available and easily color-coordinated across all products featured in Bravo

NOTES:

- Product dimensions shown in approximate inches
- See page 66 for Polypropylene and Metal Powder Coat Finish selections
- See page 67 for Laminate and Upholstery Finish information
- Wire styles must match on all electrical components (see pages 60-65)
- Building connection hardware must be supplied by customer
- Add-On Worksurfaces and Overhead storage units must match workspace dimensions

BRAVO

- Freestanding desking is easy to reconfigure to meet individual needs and offer dynamic work environments, offered in a variety of metal powder coats, fabrics, frame colors and laminate selections
 - Designed with power and data in mind, wire troughs, grommets and cord dumps keep cables organized and out of the way
 - Bravo easily integrates with other OFG systems furniture: Classic XXI or Crescendo
 - All required assembly hardware is included
-
- Worksurface tops are 1-1/8" thick density particleboard with .03" or .04" high pressure laminate surface and .02" to .04" phenolic backing sheet with customizable colors
 - Top has a flat PVC edge and is 29" in height
 - Each leg assembly consists of welded and assembled components which can be removed from the front of the leg to gain entry to run power and data running within the leg
 - A glide attached to the bottom of the leg allows 1-1/8" of adjustability
 - Desk leg formed of 18-gage steel, overall dimensions are 6" x 6" x 27-1/4"
 - Modesty panel attached to the underside of the worksurface and leg assembly allows basic cabling to be run along the width of the desk

TO ORDER:

Select the product number and then add the codes for the desired end panel, polypropylene (POLY) color, metal powder coat finish and laminate surface. For example, to order a **Bravo 24" x 24" Freestanding Rectangular Worksurface w/ Full Modesty Panel Desk (BVR2424F) w/ Standard End Panels (S), Black Polypropylene (POLY) Color (B), Starlight Silver Paint Color (34), and Biltmore Cherry Laminate (PLM4031)**, select:

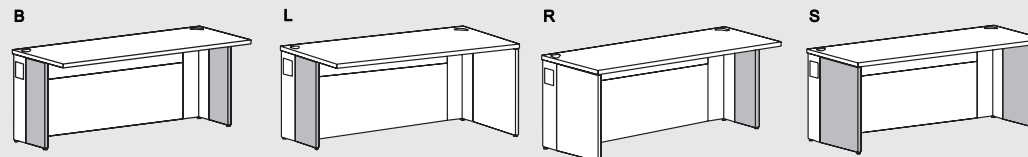

Product Number	Poly Color	Laminate
BVR2442F	S B 34	PLM4031
	End Panel Style	Metal Powder Coat Finish

END PANEL OPTIONS

B	Both Panels Transition Size
L	Left Panel Transition Size
R	Right Panel Transition Size
S	Standard Panel Size

Special:

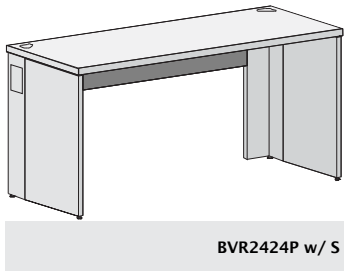

Options are always specified Left to Right from the seated position.

NOTES:

- Product dimensions shown in approximate inches
- See page 66 for Polypropylene and Metal Powder Coat Finish selections
- See page 67 for Laminate and Upholstery Finish information
- Wire styles must match on all electrical components (see pages 60-65)
- Building connection hardware must be supplied by customer
- Add-On Worksurfaces and Overhead storage units must match workspace dimensions

Select the product number and then add the codes for the desired end panel, polypropylene (POLY) color, metal powder coat finish and laminate surface. For example, to order a Bravo 24" x 42"(L) 42" x 24"(R) Freestanding Corner Worksurface w/ Full Modesty Panels (BC24424224FF) w/ Standard End Panels (S), Black Polypropylene (POLY) Color (B), Starlight Silver Metal Powder Coat Color (34), and Biltmore Cherry Laminate (PLM4031), select:

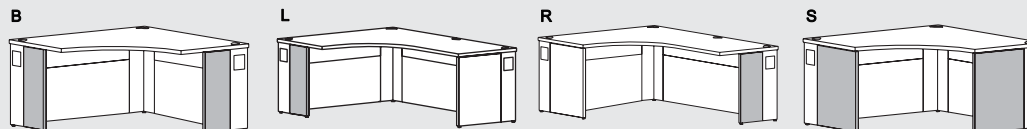

Product Number	Poly Color	Laminate
BC24424224FF	S B 34	PLM4031
	End Panel Style	Metal Powder Coat Color

END PANEL OPTIONS

B	Both Panels Transition Size
L	Left Panel Transition Size
R	Right Panel Transition Size
S	Standard Panel Size

Special:

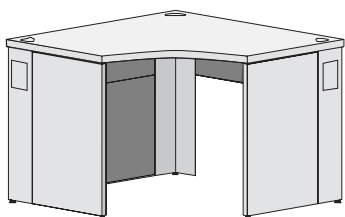

Options are always specified Left to Right from the seated position.

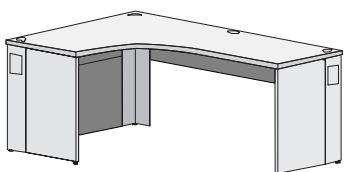

NOTES:

- Product dimensions shown in approximate inches
- See page 66 for Polypropylene and Metal Powder Coat Finish selections
- See page 67 for Laminate and Upholstery Finish information
- Wire styles must match on all electrical components (see pages 60-65)
- Building connection hardware must be supplied by customer
- Add-On Worksurfaces and Overhead storage units must match workspace dimensions

- Freestanding deskings is easy to reconfigure to meet individual needs and offer dynamic work environments, offered in a variety of metal powder coats, fabrics, frame colors and laminate selections
- Designed with power and data in mind, wire troughs, grommets and cord dumps keep cables organized and out of the way
- Bravo easily integrates with other OFG systems furniture: Classic XXI or Crescendo
- All required assembly hardware is included
- Worksurface tops are 1-1/8" thick density particleboard with .03" or .04" high pressure laminate surface and .02" to .04" phenolic backing sheet with customizable colors
- Top has a flat PVC edge and is 29" in height
- Each leg assembly consists of welded and assembled components which can be removed from the front of the leg to gain entry to run power and data running within the leg
- A glide attached to the bottom of the leg allows 1-1/8" of adjustability
- Desk leg formed of 18-gage steel, overall dimensions are 6" x 6" x 27-1/4"
- Modesty panel attached to the underside of the worksurface and leg assembly allows basic cabling to be run along the width of the desk

- Consists of top, three legs, a 9" partial and partial back modesty panels
- Two configurable end panels
- Each leg has two cable access grommet locations
- Top has three cable access grommets above the legs (66" and 72" have a fourth middle grommet)

- Freestanding desk is easy to reconfigure to meet individual needs and offer dynamic work environments, offered in a variety of metal powder coats, fabrics, frame colors and laminate selections
- Designed with power and data in mind, wire troughs, grommets and cord dumps keep cables organized and out of the way
- Bravo easily integrates with other OFG systems furniture: Classic XXI or Crescendo
- All required assembly hardware is included
- Worksurface tops are 1-1/8" thick density particleboard with .03" or .04" high pressure laminate surface and .02" to .04" phenolic backing sheet with customizable colors
- Top has a flat PVC edge and is 29" in height
- Each leg assembly consists of welded and assembled components which can be removed from the front of the leg to gain entry to run power and data running within the leg
- A glide attached to the bottom of the leg allows 1-1/8" of adjustability
- Desk leg formed of 18-gage steel, overall dimensions are 6" x 6" x 27-1/4"
- Modesty panel attached to the underside of the worksurface and leg assembly allows basic cabling to be run along the width of the desk
- Gusset Cantilevers provide more open wall access than the modesty panel

TO ORDER:

Select the product number and then add the codes for the desired end panel, polypropylene (POLY) color, metal powder coat finish and laminate surface. For example, to order a Bravo 24" x 42" (L) 42" x 24" (R) Freestanding Corner Worksurface w/ Gusset Cantilevers and Partial Modesty Panel (BC24424224GP) w/ Standard End Panels (S), Black Polypropylene (POLY) Color (B), Starlight Silver Metal Powder Coat Color (34), and Biltmore Cherry Laminate (PLM4031), select:

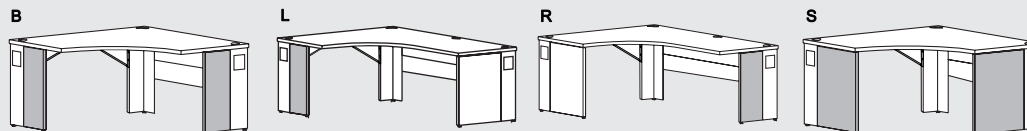

Product Number	Poly Color	Laminate
BC24424224GP	S B 34	PLM4031
	End Panel Style	Metal Powder Coat Color

END PANEL OPTIONS

B	Both Panels Transition Size
L	Left Panel Transition Size
R	Right Panel Transition Size
S	Standard Panel Size

Special:

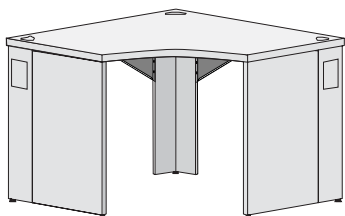

Options are always specified Left to Right from the seated position.

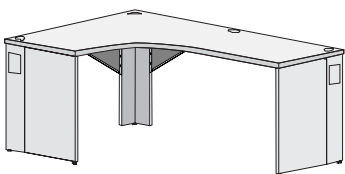

NOTES:

- Product dimensions shown in approximate inches
- See page 66 for Polypropylene and Metal Powder Coat Finish selections
- See page 67 for Laminate and Upholstery Finish information
- Wire styles must match on all electrical components (see pages 60-65)
- Building connection hardware must be supplied by customer
- Add-On Worksurfaces and Overhead storage units must match workspace dimensions

- Freestanding desking is easy to reconfigure to meet individual needs and offer dynamic work environments, offered in a variety of metal powder coats, fabrics, frame colors and laminate selections
- Designed with power and data in mind, wire troughs, grommets and cord dumps keep cables organized and out of the way
- Bravo easily integrates with other OFG systems furniture: Classic XXI or Crescendo
- All required assembly hardware is included

- Worksurface has the same basic construction as rectangular worksurfaces, also 29" in height
- Leg Assembly has a glide attached to the bottom of the leg for up to 1-1/8" of adjustability
- Desk leg is formed of 18-gage steel, overall dimensions are 6" x 6" x 27-1/4"
- Gusset Cantilevers provide more open wall access
- Additional 4" support leg constructed of 14-gage steel, and have a 1-1/8" adjustable steel glide
- If attached to another worksurface, transitional end panels may be ordered to replace standard end panels to attach both worksurfaces
- Front working edge will have a 16" or 22" radius depending on the size of the worksurface

TO ORDER:

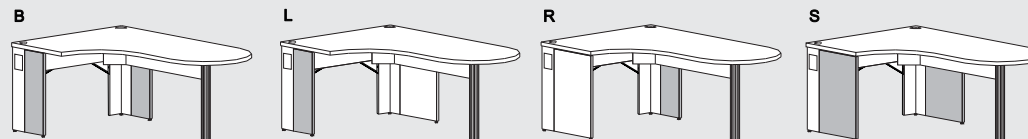

Select the product number and then add the codes for the desired end panel, polypropylene (POLY) color, metal powder coat finish and laminate surface. For example, to order a **Bravo 24" x 48" x 60" Freestanding Piano Worksurface w/ Gusset Cantilevers (BVP244860G) w/ Standard End Panels (S), Black Polypropylene (POLY) Color (B), Starlight Silver Paint Color (34), and Biltmore Cherry Laminate (PLM4031)**, select:

- Privacy screens and brackets consist of different aluminum extrusion profiles, iron core light or thick non-tackable translucent plastic
- Frames can be made of extruded aluminum that is .060" in. thick and 1-2/5" wide, height determined by screen type
- Mounting brackets extrusions are formed of 16-gage steel and have a length determined by screen option and desk size

TO ORDER:

Select the product number and then add the codes for the bracket facing, frame option, metal powder coat finish and upholstery fabric. For example, to order a **Bravo 24" Left Facing (L) Between Two Stanchions and On-Worksurface Mounted Corner Screen (BVSSO1942) w/ Exposed Frame (EF), Starlight Silver Paint Color (34), and Panel Upholstery (XXXX)**, select:

Product Number: **BVSSO1924**

Frame Option: **L** (Bracket Facing)

Frame Option: **EF** (Exposed Frame)

Frame Option: **34** (Metal Powder Coat Finish)

Upholstery: **XXXX**

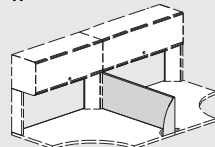

FRAME OPTIONS

TF	Translucent Frame
EF	Exposed Frame
UF	Upholstered Frame

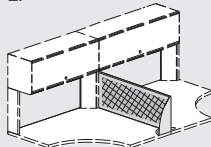

Special:

Translucent Frame (TF) does need a desired metal powder coat finish, but does not receive a upholstery option.

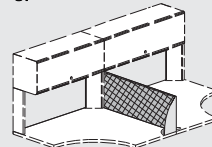

TF

EF

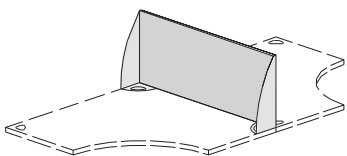

UF

NOTES:

- Product dimensions shown in approximate inches
- See page 66 for Polypropylene and Metal Powder Coat Finish selections
- See page 67 for Laminate and Upholstery Finish information
- Wire styles must match on all electrical components (see pages 60-65)
- Building connection hardware must be supplied by customer
- Add-On Worksurfaces and Overhead storage units must match workspace dimensions

- Freestanding desking is easy to reconfigure to meet individual needs and offer dynamic work environments, offered in a variety of metal powder coats, fabrics, frame colors and laminate selections
- Designed with power and data in mind, wire troughs, grommets and cord dumps keep cables organized and out of the way
- Bravo easily integrates with other OFG systems furniture: Classic XXI or Crescendo
- All required assembly hardware is included
- Grommets and covers are always standard and are replaceable without tools
- Worksurfaces grommets define the overall accessibility to cables and wireways and also provide support for overhead storage, hanging pedestals, electrical components, and privacy screens
- Basic Worksurfaces may include 2 triangular worksurface grommets, located in the back corners of each worksurface. 60" and 72" worksurfaces can have 3 triangular wireway grommets, two in the corners and one located near the back center of the desk
- Grommets can be ordered to match to the worksurface edge color

NOTES:

- Product dimensions shown in approximate inches
- See page 66 for Polypropylene and Metal Powder Coat Finish selections
- See page 67 for Laminate and Upholstery Finish information
- Wire styles must match on all electrical components (see pages 60-65)
- Building connection hardware must be supplied by customer
- Add-On Worksurfaces and Overhead storage units must match workspace dimensions

- All required assembly hardware is included

- 10-wire system is available in two configurations (6-2-2 and 4-4-2)
- UL label is green for 6-2-2 and blue for 4-4-2 applications
- Bravo 10-wire electrical is able to integrate with existing Crescendo and Classic System Panels
- Rated at 120 vAC @ 20 amps
- All receptacles rated at 15 amps
- Different receptacles for each system, and different connectors specific to each system
- Poly colored "convenience" circuits (1 & 2) have a hot wire with shared oversized neutral wire & building ground wire
- "Isolated ground" circuits colored orange (3 & 4) have separate hot wires, shared oversized neutral wire & share an isolated ground wire

NOTES:

- Product dimensions shown in approximate inches
- See page 66 for Polypropylene and Metal Powder Coat Finish selections
- See page 67 for Laminate and Upholstery Finish information
- Wire styles must match on all electrical components (see pages 60-65)
- Building connection hardware must be supplied by customer
- Add-On Worksurfaces and Overhead storage units must match workspace dimensions

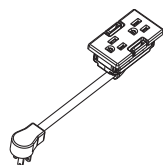

Components • Electrical (4-4-2 Circuit)

BVET4R1

DESCRIPTION	PRODUCT NUMBER	SPECIFICATIONS	PRICING
Receptacles	BVET4RC1	N/a	\$
	BVET4RC2	N/a	\$
	BVET4RC3I	N/a	\$
	BVET4RC4I	N/a	\$

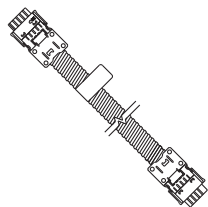

- Includes a modular duplex 15 amp receptacle that snaps into a rigid wireway
- 3I & 4I will always be orange

How To Order

☐ By Internet

We're ready to take your electronic order. See us at:

www.unicor.gov/ofg

☐ By Phone

Use your government credit card and call
UNICOR toll free at:

(800) 827-3168

☐ By Fax

Fax your purchase order 24 hours a day to:

(859) 254-9390 Standard Orders

(859) 254-9048 Credit Cards

☐ By Mail

Send your purchase order to:

**UNICOR
Customer Service Center
P.O. Box 13640
Lexington, KY 40577-1670**

Customer Service

For information about products, prices or to
request catalogs, call UNICOR Customer Service at
(800) 827-3168, Monday-Friday, from 7:45 a.m. to
4:00 p.m. EST or leave a message at other times.

To locate your local OFG Sales Representative, go
to unicor.gov/OFGSalesReps.aspx

Credit Card Order Form

FAX orders to (859) 254-9048 or call (800) 827-3168. Order online at www.unicor.gov/ofg.
