

Harmony Casegoods Spec Sheet

High-Pressure Laminate

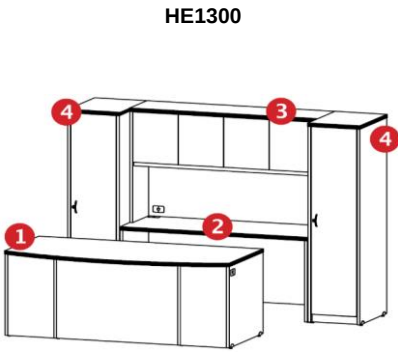

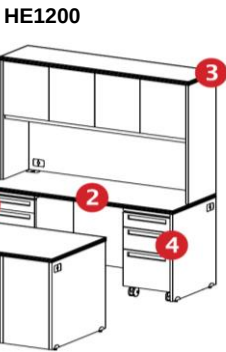

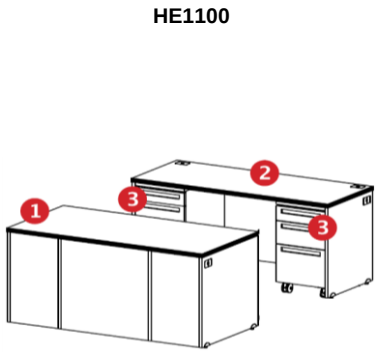

November 2025

Version 3.0

1000 Series Ensembles • Complete Configurations

HARMONY Product Features

- 32mm fabrication system assures precision construction and assembly
- Additional holes are drilled for field adjustment of shelf locations
- The high-pressure plastic laminate has a matte finish
- Black worksurface edge banding available in smooth or with ribbed edge profile
- All file drawers have locking mechanisms
- Grommets are installed for convenient wire routing on desks and credenzas
- Assembled furniture products meet or exceed BIFMA standards
- Laminates meet NEMA GP50 standards
- All weights are estimates

Laminate Selection	AB
Hardware Selection	BN1
Trim Selection	BR
Product Order Code HE3300L AB BN1 BR	

- 32mm fabrication system assures precision construction and assembly
- Additional holes are drilled for field adjustment of shelf locations
- The high-pressure plastic laminate has a matte finish
- Black worksurface edge banding available in smooth or with ribbed edge profile
- All file drawers have locking mechanisms
- Grommets are installed for convenient wire routing on desks and credenzas
- Assembled furniture products meet or exceed BIFMA standards
- Laminates meet NEMA GP50 standards
- All weights are estimates

6000 Series Ensembles • Complete Configurations

HARMONY Product Features

- 32mm fabrication system assures precision construction and assembly
- Additional holes are drilled for field adjustment of shelf locations
- The high-pressure plastic laminate has a matte finish
- Black worksurface edge banding available in smooth or with ribbed edge profile
- All file drawers have locking mechanisms
- Grommets are installed for convenient wire routing on desks and credenzas
- Assembled furniture products meet or exceed BIFMA standards
- Laminates meet NEMA GP50 standards
- All weights are estimates

Grommet Options (See Below)

Rectangular Grommet
(Available in Black only)

Circular Grommet
(Color matched w/ Base Finish Selection)

- Enables easy, one-hand, effortless height adjustment for ergonomic sit/stand usage through an electronic drive mechanism
- Black worksurface edge banding available in smooth or with ribbed edge profile
- Wire management grommets come standard
- eFloat Next Base Supports up to 250 lbs. (Including work surface)
- Sturdy base constructed of recyclable steel and aluminum; meets BIFMA load and capacity requirements
